SHOOTING IN AND AROUND THE PENALTY AREA

21-P2 | 1 v 1 & 2 v 1

ORGANISATION

- This practice develops short combinations to create 1 v 1 and 2 v 1 situations.
- We look at the quality of passes played, receivers first touch and speed of attacks.
- Players must follow their pass moving onto the next station, with 2 defenders taking it in turns to defend in 1 v 1's; all players must work both ways.
- If attackers get past defenders they can finish, if defenders win possession they can score in the mini-goal, replicating a pass out from the back.

KEY COACHING POINTS SUMMARY

- **Technical** - Feint to get away from defender and finishing technique
- **Physical** - Speed to accelerate away from defenders
- **Psychological** - Remain confident throughout when driving at defenders

SHOOTING IN AND AROUND THE PENALTY AREA

21-P2 | 1 v 1 & 2 v 1

KEY COACHING POINT

Use individual skill to beat the defender by committing them one way, then driving the opposite side. Employ deception, quick changes of direction, and controlled acceleration.

PROGRESSION

Progress to 2 v 1 attacks in the designated areas, increasing the challenge for defenders. Attackers must exploit the overload effectively to penetrate and finish successfully.
