STRIKER-WINGER COMBINATIONS TO ATTACK

56-P9 | FUNCTION

ORGANISATION

- This practice is conducted within a 50 by 45-yard area, featuring a 3 v 3 setup with attackers (Blue) competing against defenders (Pink).
- To begin the exercise, the coach plays a pass to either wide player within the designated 8-yard receiving zone, triggering the 3 v 3 scenario.
- The objective is for the attacking 3 to combine, penetrate and finish past the GK.
- If the defending team regains possession at any point, they must quickly transition and counter attack, looking to finish in either of the mini-goals.
- The coach, positioned at the base of the pitch, initiates play with each restart.

KEY COACHING POINTS SUMMARY

- Dynamic Movement and Positioning
- Decision-Making in Possession
- Quality Final Delivery - Ensure accurate crosses/cutbacks/passes
- Combination Play - Quality combinations to release Wingers
- Speed of Defensive Transitions

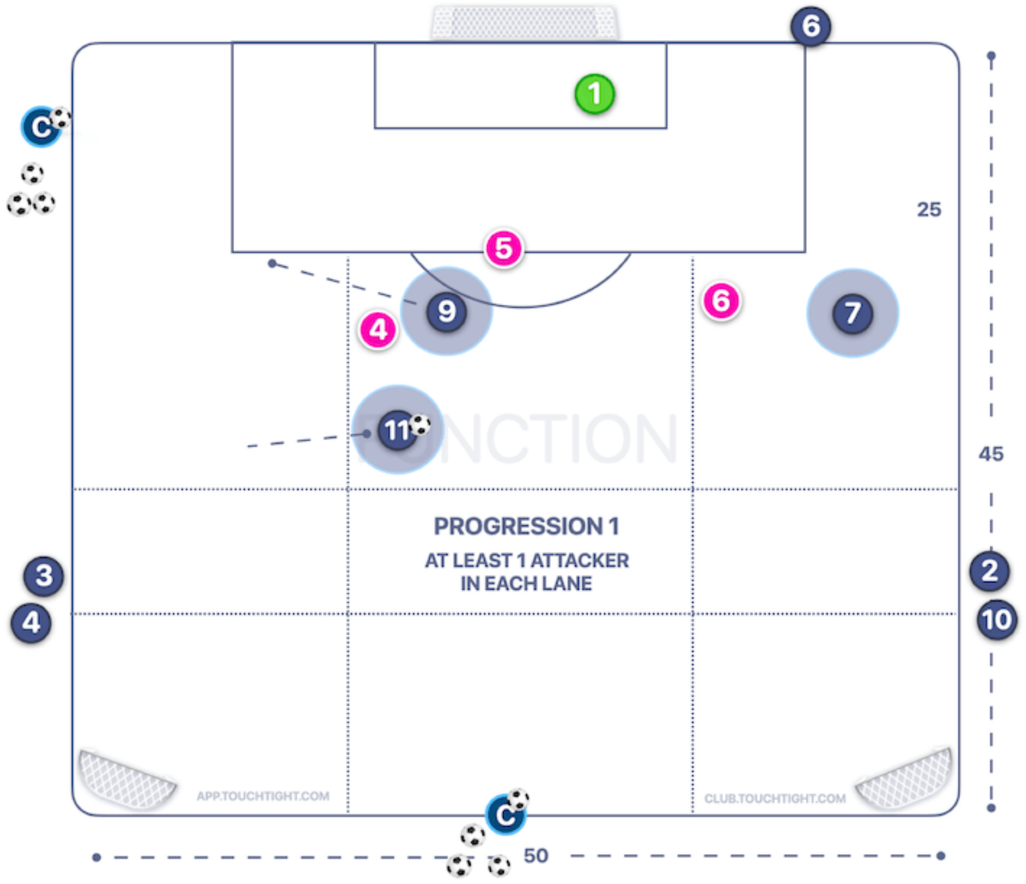

BETTER COACHES. BETTER PLAYERS.

STRIKER-WINGER COMBINATIONS TO ATTACK

56-P9 | FUNCTION

PROGRESSION 1

Introduce 3 vertical lanes - players must rotate on and off the ball to occupy all 3 lanes.

Focuses on developing structured and co-ordinated movement between the attacking players.

PROGRESSION 2

A floater is added to combine only with wide players and join in when defenders win the ball for counters.

Floaters facilitate wide combinations, create overloads and create opportunities to break the defensive line.
